AMERICAN SUMMITS SPONSORS THE CRESTED BUTTE WINE & FOOD FESTIVAL

NEW YORK - June 26, 2013 - [American Summits](#) mountain spring water has announced it is among the official sponsors of the [Crested Butte Wine & Food Festival](#), held from July 11-14 in Crested Butte, Colo. American Summits, sourced high in Wyoming's isolated Beartooth Mountain Range, is quickly becoming a favorite among health conscious food connoisseurs throughout the country. Bottled without chemical treatment or preservatives of any kind, American Summits' pure and refreshing taste perfectly complements fine food and wine.

About American Summits

American Summits mountain spring water flows from an isolated spring, naturally recharged by rain and snowfall, located in Wyoming's remote Beartooth Mountain Range. Bottled at the source, American Summits water is never subjected to chemical treatment, preservatives, reverse osmosis or distillation. Instead, it is organically filtered through layers of mountain rock, and mechanically filtered to remove fine particulates, leaving traces of beneficial minerals and a balanced alkaline level. The result is a natural, unadulterated spring water of exceptional purity and clarity. With its still and sparkling water the perfect accompaniment to any food or wine, American Summits seeks to be the mineral water of choice at fine restaurants, hotels and spas across the country, and at celebrations large and small in American homes. Above all, it strives to offer a pure taste of the American wilderness itself.

American Summits is distributed to restaurants, hotels and specialty retailers who are committed to purity, quality, and local sourcing and is currently available in greater Los Angeles, Chicago, Las Vegas, metropolitan D.C., Wyoming, Montana, and Utah. American Summits can be shipped to businesses and consumers in most areas of the United States. Learn more or order online at www.AmericanSummits.com.
